- * Knowledge and experience extend beyond OSP into the core network
- * Strategic commitments allow us to maintain extensive product knowledge and support for these product sets

WHERE WE MAY NOT BOAST IN SELECTION, WE BOAST IN PRODUCT INFORMATION, INDUSTRY KNOWLEDGE, TRUST AND EXPERIENCE

MDU SOLUTION: FIBRE PATHWAY

The Corning Clear Track Hallway and indoor living unit Fiber Pathway provides an aesthetic pathway for use in brownfield Multi Dwelling Units (MDU) and multitenant office buildings.

The pathway captures and routes a single, 1.8 mm Corning Clear Track 12-Fiber Micro-Module in interior hallways and a 900um fiber single unit interior cable. Typically, this pathway will be used to route fibers from the telco closet to the required living unit or office location.
