## 21, 30 & 42 inch Narrow/Deep

The Primex SOHO Pro media panel (Narrow/Deep model) provides a centralized distribution point for the components and services that make today's homes smart.

In addition to the panel's flexible design, a selection of mounting systems makes this panel a convenient, secure, enclosure for installing and distributing broadband service inside the premise.

The Narrow/Deep model adds 1" of depth and reduces the frame width by 1" to allow for larger components, side by side mounting, and corner installation.

P3000 Model Shown

Features & Benefits

- Large internal space for installation of active, passive, and cable management components
- Adds 1" of depth; reduces by 1" width to allow for larger components, side by side mounting and corner installation
- Standardized mounting hole pattern supports unique Primex Shelf and Universal Mounting Systems for components
- Multiple entry/exit knockouts on top and bottom support microduct and robust cable runs
- Lightweight design allows for easy transport and installation
- Optional Side Mount Clips (SMC) available for side mount installation in non-standard stud spacing
- Optional key or hex locks available for enhanced security
- ETL Certified to UL2416 Standards
